Calligraphy on the sikke of Rumi, Konya

The seminar offers a practical introduction to the Mevlevi turning tradition, based on a specific way of breathing - the zikhr. For those already practicing, it is an opportunity to deepen their experience.

On Sunday, Oct. 18th, 5 pm, a Mukabele, the turning ritual, takes place in the Klangraum 21, "Mevlevi Semahane Ebertsheim".

The Mevlevi Sheik Dino Alloni from the Nazaré Mevlevihane (Brazil) will participate to the ceremony. The musicians of Hosh Neva, Mannheim, will play the original Mevlevi music for the Mukabele. At 4 pm everyone is invited to sing Illahis with the musicians.

Maria-Gabriele Wosien, Munich, leads the seminar. She learned the turning meditation in 1965, and has since then been in contact with members of the Mevlevi tradition, whose origin goes back to the Sufi mystic Jelaleddin Rumi.
